Fundraising Impact Report 2017

As we come to the close of the 2017 school year and the conclusion of our 40th Anniversary events, there is much to celebrate! Together our donations have enhanced the educational program at Childpeace and strengthened our community in the process. In 40 years we have grown from one classroom to one of the most recognized Montessori schools in the Pacific Northwest. That was possible through the expansion of support, year after year. Success is not measured by our facilities or growth of our student body, but more importantly by the success of our students as they navigate their futures with confidence and agility. Fundraising is an essential component for providing the early education environment that results in accomplished students and citizens. That result is worthy of investment. **Thank you** for joining us in this year's chapter of the Childpeace story.

"Within the child lies the fate of the future." - Maria Montessori

Teaching Philanthropy: Art Run

October 2016

Raised \$15,000 + \$3,000 donated to Native Montessori School

This year was an exceptional year for our Art Run. We worked hard to engage the students in philanthropy. We chose a cause that is near to all of our hearts - helping children less fortunate to have the opportunity to experience Montessori school. Through raising money for art education at Childpeace and understanding of the Native Montessori School concerns, our students created one of the most rewarding and fruitful Art Runs to date!

Demonstrating Philanthropy: Annual Appeal

October and November 2016

Raised \$108,400 (\$6,180 to Tuition Assistance)

Participation Rates: 90% Board, 88% Parents, 71% Staff

Funds raised at the Annual Appeal help to flesh out the makings of our beautiful school. They contribute directly to the continuing education of our teachers, to help create and sustain our buildings and grounds, to advance our efforts in Equity and Justice by providing tuition assistance to those in need, to provide educational resources for our classrooms, and a multitude of other services that create the foundation of our school.

Celebrating Philanthropy: Spring Event, 1976

February 2017

Raised: \$42,000 Event proceeds

\$71,000 Moment of Giving

The year 1976 launched Childpeace into the Portland educational scene, and on February 25th we celebrated it in all its glory!

As part of this special 40 year anniversary event, we were thrilled to welcome so many alumni parents and students back in the school for the event. Manamaya Peterson spoke to her personal experience at Childpeace, as well as the tools she has used from that experience in high school and as a current Reed College student. We are so proud of our alumni!

Gifts raised during this event help our school to be nimble and responsive, to help us with our large visions for the school and create the structure for one of the finest schools in Portland.
